

PHOTOGRAPHIC COMPETITION

CONGRATULATIONS to Sarah Reynolds, a mentee, who is the overall winner of the competition. Sarah's project met many of the House Doctor staging principles, in terms of; use of colour, lighting, furniture placement and artwork. Her submission was well-presented in a format that displayed her work in a truly professional manner.

To everyone who entered the first ever House Doctor Network Photographic Competition, a very BIG thank you. The projects we received were of a truly high standard. And special mention should be given to the mentees who entered, as their work was exceptionally exciting and we're looking forward to them joining the network in the near future.

The competition was judged by Ann Maurice and her comments were complimentary of the high calibre of work received and felt that Sarah's submission was a worthy winner. The prize for the overall winner of the Designer Bag will hopefully be with Sarah before Christmas. All category winners will be featured on the new website launching in the new year.
